

BIOCLEAN

Biodegradable cleaner for polished marble

■ PROPERTIES

Product of superior cleaning action that does not damage or alter the color of painted surfaces. Its cleaning action does not affect any surfaces from tiles, polished or honed marble, even when used on a daily basis. Thoroughly cleans stains created over time within grouting, allowing them to maintain or recover their original color.

■ ADVANTAGES

- The only suitable cleaner for daily use on polished marble.
- Does not damage sensitive surfaces, such as listelo, natural cotto, limestones, etc.
- Does not require ventilation during use.

■ APPLICATIONS

BIOCLEAN cleaner for polished marble by just spraying it once and allowing for it to act for a few

minutes, removes stains from wine, soft drinks and soda, blood, permanent markers, and pet stains, etc. Removes stains (yellowing) from existing marble and granite. Removes accumulated air pollutants from building facades lined with marble and decorative natural or artificial bricks. Indispensable for residences, public and professional facilities, restaurants, hotels, hospitals, public restrooms etc.

■ USE

For tough stains spray or apply the undiluted product on the surface and allow for 5-10 minutes to pass. Scrub the surface using a stiff brush, a stiff broom or a sponge. Rinse thoroughly to reveal an impressive result that shines all surfaces, sanitary fixtures and stainless steel sinks. For the daily care and the maintenance of the surface color(s), it is recommended to add 50ml BIOCLEAN

BIOCLEAN

Biodegradable cleaner for polished marble

for every 1lt of the cleaning or mopping water.
Compatible with cleaning machines.

■ LIMITATION OF USE

Not recommended for residue removal from tile adhesives and grouts.

■ CONSUMPTION

1lt/12-14m² of surface.

■ STORAGE

Store in places protected from frost, for 36 months from production date.
