BIOCLEAN

Biodegradable cleaner for bathrooms & kitchens

PROPERTIES

Biodegradable cleaner without ammonia, phosphates, and petroleum products, per the European directive EC 648/2004 governing detergents in terms of their biodegradability. Product with superior cleaning action. It dissolves tough and oily stains while it does not affect sensitive surfaces.

ADVANTAGES

- The only suitable cleaner for daily use in bathrooms and kitchens.
- Does not require ventilation during use.

APPLICATIONS

BIOCLEAN cleaner for bathrooms & kitchens removes oils and grease, accumulated food waste, sauce, scum and ink as well as blood stains. It is ideal to remove accumulated waste around induction cooktops, as well as kitchen utensils and kettles, ovens, grills, refrigerators, and silverware etc. It also removes pollutants from sanitary fixtures and tiles, as well as polished and honed marble. Essential in residences, restaurants and hotels, as well as hospitals, bakeries and yachts (does not harm the gel coat.

USE

Spray the areas you want to clean and wait for a few minutes. Rinse with water or, where necessary, scrub with a broom or a damp sponge. For the daily care and the maintenance of the surface

color(s), it is recommended to add 50ml BIOCLEAN for every 1lt of the cleaning or mopping water. Compatible with cleaning machines.

CONSUMPTION

1lt/12-14m² of surface.
