

# D-19 GRAFFITI REMOVER

## Powerful graffiti remover

### ■ PROPERTIES

Extra powerful graffiti remover.

It cleans surfaces made of metal and glass, concrete as well as plaster, marble, tiles and stone.

It removes graffiti quickly and easily without leaving any stains and without damaging the painted surface. It cleans walls soiled with spray paint, permanent markers or ball-point pens in areas such as children's rooms.

### ■ APPLICATIONS

D-19 GRAFFITI REMOVER of DUROSTICK is suitable for almost any surface. Cleaning graffiti from school surfaces and university facilities or public and private buildings with D-19 GRAFFITI REMOVER is particularly cost effective compared to repainting.

It is also suitable for cleaning archaeological sites and monuments.

### ■ USE

DUROSTICK D-19 GRAFFITI REMOVER is an extra powerful graffiti remover.

During application and even rinsing, the use of protective gloves is recommended.

Spray from a distance of 20-25cm and clean with a soft cloth or sponge, depending on the surface. After removing the graffiti, rinse the surfaces with clean water. If necessary, repeat the process on porous surfaces with bold and persistent stains.

### ■ CONSUMPTION

Approximately 500ml/3m<sup>2</sup> of surface.
